Assembly instructions and important information BH 23

Technical details:

Power supply: 110-240 V / 50-60 Hz

Bulb socket: E27

Protection class: I

Maximum wattage (thermal):

60 W

Supplied bulb:

energy-saving-bulb 21 W

Safety instructions:

- Never cover the luminaire with a cloth – fire hazard!
- Always ensure that the plug is removed from the socket before working on the luminaire or changing the bulb.
- Have repair work performed only by an authorized electrician, because electrical power can cause severe injuries!
- Some of the lamp components may get very hot in operation! Avoid skin contact with these components to prevent burns.

Care of lamp:

In the course of time a silver-colored patina forms on the nickel plated metal parts, which is frequently desired. If you want him surface to retain a glossy nickel-plated finish for reasons of appearance, use a polish without abrasive agents.

Mounting the luminaire:

1. Place the base in position and push the lamp-pole into it.
2. Plug the cord-reel into the lamp-pole.
3. Screw the cord-guide to the lamp-pole with the hexagon spanner supplied.
4. Unscrew the small set screw from the cord-guide with the hexagon spanner supplied, insert the cord and refix the small set screw.
5. Screw the eye of the cord into the weight.
6. Screw in the handle.
