Important information ES 57

Dear Customer, we always makes every effort to supply high-quality lamps in perfect condition. Damage often occurs however during unpacking. Please therefore note the following instructions to be sure of enjoying your new lamp.

Note when unpacking

- Open the **flat** box.
- Remove the upper pieces of packaging.
- **Grasp the foot from below** and lift it until you can grasp the lamp tube with the other hand to support it.
- Lift the lamp out of the box **by the foot**.

The tube could bend if any stress is placed on it!

Always transport the lamp in the vertical position!

Technical details:

Power supply: 110-240 V / 50-60 Hz

Bulb socket: E27

Protection class: II

Maximum wattage (thermal):

Halogen 75 W

Recommended bulb:

Halogen PAR 38, 75 W

Safety instructions:

- Never cover lamp with a cloth – fire hazard!
- Whenever you are working on the lamp or changing the bulb, switch off the power supply.
- Have repair work performed only by an authorized electrician, because electrical power can cause severe injuries!
- Some of the lamp components may get very hot in operation! Avoid skin contact with these components to prevent burns.

Care of lamp:

For the chrome plated parts use a chrome polish.

Please do not use a cleaning agent to clean the painted lamp parts — only use a damp cloth.
